THE U. S. NAVY VINDICATED .- Our corresponlent at St. Helena mentioned that Capt. Morgan and the two mates of the slaver Orion, captured off the coast PATENTED AUGUST 16th, 1859, by E. BOOTH. The of Africa by H. M. steamer Pluto, were to leave that most perfect Machine manufactured. port Jan. 5th. in the U. S. steamer Mystic, bound home. The St. Helena Herald of the 5th, since received, gives a full report of the examination of these men before the authorities at St. Heiena, in review of which the editor makes the following important admission:

pression that the American officers (with an exception in all cases. See advertisement in another column. now and then) were not only sluggish in, but even neglectful of, their duty while on this station. This impression has however, undergone a total change since we heard a few statements from the zealous and intelligent officer in command of the U. S. S. of war Mystic, article of the kind ever introduced under the name of Captain W. E. Le Roy-concerning the difficulties which entrammel the American commander in the discharge of

The St. Helena paper is not alone in having wrongfully charged the U. S. naval authorities with deligquency or connivance in the efforts put forth for the extirpation of slave traffic. It proceeds to speak of the facility with which slavers elude the pursuit of British cruisers, by taking advantage of the jealousy of the American government in regard to the right of search, and so sheltering themselves under the United States flag; also, to explain the embarrassments which hamrer the movements of our own squadron-temarking as fol-

"We believe that our Naval commanders have authorizations to board vessels of all nations, American and French excepted. American men-of-war officers are not permitted, by their laws, to capture any slave-vessels except they are American; and to find out their nationblity is a matter of no small difficulty, since they cannot board a vessel flying a foreign flag, or examine her, without the consent of her commander, unless indeed the officer is confident she has no right to the protection of the flag she flies. But should be be mistaken, he is held personally responsible. His government comes not forward to help him out of his dilemma, and it has happened that in return for his zeal in the discharge of his duty, he has been saddled with an action, and condemned in damages to a very large amount, without even receiving | For sale by all druggist in Wilmington. the sympathy of his employers."

The editor of the St. Helena Herald, who doubtless represents the views of U.S. Officers in the African squadron, urges a mitigation of the penalty for being caught slaving, (death) as tending to remove one of the difficulties in securing condemnation. N. Y. Journal of Commerce.

Delazon Smith on Gen, Lane's Chances for the Charleston Nomination-What the President, Donglas and

We append the subjoined portion of a speech deliverbefore a Democratic Convention held at Eugenie city: I believe that a citizen of Oregon will be nominated at Charleston for President or Vice President. James Buchanan (and he has some influence) said to me that he believed, as he lived, Gen. Lane would be the nominee of the Charleston Convention. He said he believed he was the only Democrat who could be elected. He elieved he was the only man who could carry the State

of Pennsylvania.

So said Mr. Breckenridge and Mr. Douglas. I had So said Mr. Breckenridge and Mr. Douglas. I had conversation with Mr. Douglas before leaving Wash-CURES LIVER COMPLAINTS. ington; I asked him, "do you intend to submit your CURES DYSPEPSIA. name to the Charleston Convention?" He said, "I am | CURES FEMALE COMPLAINTS. perfectly satisfied I cannot get the vote of a Southern State, and I do not want to be nominated by a section. My present purpose is to be a delegate myself, from Illineis, to the Charleston Convention, to use my exertion to have them adopt my platform." "Well," said I. suppose they do not do it?" "I am," said he, "going to stand by the Democratic party whether they do or not." " Who," said I, " do you think will be nominated?" He said, "Joe Lane's chances are better than any other man's. It he is nominated, I will stump fifteen States of the Union for him." The Indiana Senators came to me and said-Mr. Fitch in particular-"the old man (pointing to Gen. Lane) will be the next President of the United States. With any other Democrat we expect to lose Indiana; but give us old Joe Lane, and I am satisfied we can run the Republicans into the Ohio river, and drown them to the tune of twenty-five thousand majority." I also talked with members of Congress, judges and ex-judges from the North, who were of the opinion that he would be as acceptable to New England, and would run with a better chance of carrying the New England States than any other man in America. I know that a majority of the Democratic Senators were for him.

At present the main stay of Mr. Pennington is the page who stands upon the right, a youth of fine appearance and something near 19 years of age. This page was first appointed to office by Speaker Boyd, and has ever since continued to discharge the duties of " Page to the E. Hawes, Esq., all of this county. With the construction of the rules of order he is perfectly familiar, and every precedent he has at his finger's et.d.

A FAITHFUL PRIEST .- The following paragraph is taken from the Revue de Commerce of Port au Prince : We regret of having received from Gonaives a letter giving information that Mr. Gerdol, pastor of that place, has formally refused to celebrate the memorial services of the much honored John Brown, the priest saying that this saint was but a slave thief. Another priest has been sent for, and Mr. Gerdol has resigned his position | mington and surrounding country. as pastor of the community.

The arrivals for a few weeks past have been meagie, still we notice a moderate supply in dealers' hands, and only occasional small sales are made. We can hardly give a correct figure, and therefore quote second hand ones as nominal at \$1 40 to \$1 85 each, according to quality.

Corron—During the week just ended buyers have shown less disposition to operate, and the market rules quiet at a STRAW GOODS, decline of \(\frac{1}{2} \) a \(\frac{1}{2} \) cent on quotations of Wednesday last. The transactions have been limited, and are as follows: Thursday, 51 bales at 10f cents for strict middling; and Sa'urday 206 do. at 5 a 7½ cents for inferior, 9 a 9½ cents for ordinary, 10 a 10½ cents for good ordinary, 10½ a 10½ cents for low middling, 101 cents for middling, and 101 cents for strict and good middling-closing inactive at 10% a 10% cents for good middling. FLOUR-For State brands the market rules about the same as reported in our last. We quote Superphosphate of Lime at \$50, and Land Plaster \$10 per ton.

GRAIN-In CORN we have to notice rather a better feeling n the market since our last, and prices have an advancing tendency. There is at present a fair stock in dealers' hands, still there is a brisk demand, and a few cargoes of prime quality would find ready sale. The receipts for the week comprise only 2,670 bushels, of which 1,260 came to order, and the balance sold on private terms. We quote the market firm at 78 a 80 cents per bushel, as in quality-OATS -There appears to be merely a retail enquiry, and there is a fair supply on market. No late arrivals of Northern, and therefore we have no sales to report. LIME-There is merely a retail demand for this article. and although the stock in dealers' hands is quite small, it appears to be fully adequate for present wants. See table for store prices. market for either description. A lot of 500 sacks Liverpool ground was received coastwise a few days since, and changed hands on private terms-supposed at 771 to 80 cents per sack. See table for store quotations. Shingles—During the week just ended the market has ruled unusually dull for both Common and Contract, and sales are difficult to effect at anything like a fair price. OLD & YOUNG AFFIRM ITS TRUTH, Viz: That Professor Wood's Hair Restorative

Will preserve infallibly the growth and color of the hair, if used two or three times a week, to any imaginable age.—
Perfectly, restore the gray, cover the bald with nature's own ornament, the hair; make it more soft and beautiful 28 @ 33 cents; New Orleans, 50 @ 00 cents; Salt—Liverpool Sack, \$1 25 @ 1 30; Turpentine—Yellow dip, \$2 25 @ 0 00; Virgin, \$1 66 @ 0 00; Hard, \$1 15 @ 0 00; Spirits, Clergymen, Professional men and Gentlemen and Ladies of all classes, all over the world, bear testimony that we do not say too much in its favor. Read the following, and HICKORY GROVE, St. Charles Co., Mo., Nov. 19, 1857. PROF. O. J. WOOD-Dear Sir: Some time last summer

we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it. Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair almost entirely came off in consequence, when a friend. seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the

a scalp, and as luxuriant a crop of hair as any other child. We can, therefore, and do hereby, recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are yours respectfully, GEO. W. HIGGINBOTHAM, SARAH A. HIGGINBOTEAM. PROF. WOOD—Dear Sir: My hair had, for several years, been becoming prematurely gray, accompanied by a harshness which rendered the constant application of oil necessary in dressing it. When I commenced using your Hair Restorative about two months ago it was in that condition ; WOOL HATS, it has turned to its natural color, and assumed a softness and lustre greatly to be preferred to those produced by the ap-CARPET BAGS, I regard it as an indespensable article for every lady's toilet, whether to be used as a Hair Restorative or for the simple

purpose of dressing or beautifying the hair. You have permission to refer to me all who entertain any doubt of its performing all that is claimed for it. MRS. C. SYMONDS. Cincinnati, O., Feb. 10, 1857. WELLINGTON, Mo., Dec. 5, 1857. PROF. WOOD—Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it. I had the fever some time last May, and nearly every hair in my head came out. Now my hair has come in a great deal thicker than ever it was. Nothing but

a duty and sympathy that I feel to communicate to ethers who are afflicted as I have been, would induce me to give this public acknowledgement of the benefit I have received from Prof. Wood's Hair Restorative. Yours respectfully, A. R. JACOBS.

The Restorative is put up in bottles of three sizes, viz: A. R. JACOBS. large, medium, and small; the small holds a pint, and retails for one dollar per bottle; the medium holds at least

tails for one dollar per bottle; the medium holds a reast twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3 a bottle.
